

Cáit O'Reilly O'Grady

+353 0897018991 • Dublin, Ireland • caitogrady@gmail.com • [LinkedIn](#)

With a strong academic and practical interest in data, technology, and AI, I have experience analysing and interpreting data to support business decision-making. I bring hands-on skills in SQL (achieved 86% in a recent SQL examination), Power BI, and Python, and am currently developing advanced Python and machine learning capabilities as part of my coursework. Highly motivated to begin a career in analytics, I have a strong curiosity for emerging technologies, a structured problem-solving mindset, and a desire to gain real-world experience applying data-driven insights in a professional environment.

EXPERIENCE

Puck Lane | Front of House

November 2025 - Present

Currently work part-time in a busy Café, providing friendly and efficient customer service while supporting both front-of-house and kitchen operations. Gained experience handling orders, assisting customers, and maintaining high standards of cleanliness and teamwork in a fast-paced environment.

Price Waterhouse Coopers | Internal Auditor Intern

September 2024 – August 2025

Completed an internship in PwC on the Risk Assurance team. Experienced in assessing risk exposure, evaluating control effectiveness, and ensuring compliance with regulatory standards. Proactive and analytical, with strong skills in data analysis, problem-solving, and identifying process improvements. Confident communicator with experience in report writing, client interaction, and presenting findings, while thriving in collaborative, cross-functional teams under tight deadlines.

Epic Irish Emigration Museum | Retail Assistant

June 2020 - August 2024

Skilled in delivering efficient customer service while driving sales through strong product knowledge and visual merchandising. Experienced in digital marketing engagement and technical operations, with a focus on training, teamwork, and effective communication to enhance customer satisfaction and business performance.

EDUCATION
